OIL NEWS.

[BY E. T. KEMPER.]

The Geological Survey is authority for the statement that we have already produced 5,000,000,000 barrels of crude oil, and that the recoverable preserves are estimated to yield 7,000,000,000 barrels additional.

The Palmer Oil & Gas Company, operating on the Sam Royce farm near town, are running their big drilling rig to its full capacity, and very satisfactory progress is being made with the work.

Mr. Dallas, Goff, one of our local drillers, has just closed a contract with the Decatur Drilling Syndicate, Decatur, Ill., to put down three wells at the very earliest possible date on a certain lease near Barkerton, Cumberland county.

A new and up-to-date drilling rig from the Armstrong factory, Waterloo, Iowa, is now on the way here to be used by the contractors in sinking the first well for the Columbia Development Company. The location has not as yet been definitely decided upon, but it will very close in, and it is confidently expected gas will be found in sufficient quantities to supply the town.

Mr. Geo. H. Palmer, president of the Palmer Oil & Gas Company, visited Akron, Ohio last week for the purpose of securing certain equipment from the Star Drilling Machinery Company. When Mr. Palmer needs supplies he don't wait to send for them, but rather he goes and gets them, and than sees that they come at once.

A large supply of piping for the Southern Oil & Refining Company, Denver, Colo., was received here the latter part of last week, and it was immediately forwarded by teams to Bakerton where the Company is equipping its wells, lately brought in there, for pumping. An expert field man has been sent on from Denver, and he will take personal charge of the work and push it forward as fast as conditions will permit.

Mr. J. E. Carnahan, of Canton, Ohio one of the well-known and prominent operators of the country, and head of the Carnahan-Oil Company, now drilling so extensively in this territory, arrived in town Thursday night and will spend some time in inspecting the Company's operations in this section.

Mr. W. E. Sarvent, of New York City, one of the high officials of the Bagdad Oil Company, operating in the Creelsboro, field, was here one day last week on his way to the field, where he expects to spend several days. Mr. Sarvent talked very optimistically regarding this section as proving to be a great oil field, and he stated he and his associates are planning extensive development work in this territory.

The Daniel Boone Oil Company, Lexington, have begun drilling operations in Cumberland County, and they will push development work in that section. These people are numbered among the progressive operators of the country, and they believe in doing things. They were pioneers in the Lincoln county, Ky., field, where they have several wells under pump; and they constructed their own pipe line from their wells to Waynesburg, on the Queen & Cresent Ry.

A private phone message received here from Creelsboro Monday noon conveys the information that the Beacon Oil Syndicate, operating on the farm of Campbell Brothers, has just drilled in well No. 1 with 200 feet of oil in the hole, and rising rapidly. The report also said the new well was conceded by the oil fraternity there to be far the best "strike" yet made in that field.

Lambert Willin, a fourteen year old son of Isaac Willin, Joppa, was out with his shotgun a few days ago, and in climbing a fence it was accidentally discharged, the load entering one of his arms.

Last Wednesday afternoon at 4 o'clock, in the Methodist church Greensburg, Miss Mattie Lee Moss, an attractive and popular young lady, a daughter of Mr. and Mrs. A. G. Moss, was married to Mr. J. W. Buchanan, son of Mr. and Mrs. T. W. Buchanan, Campbellsville, and a popular salesman for Buchanan Lyon Company. The ceremony was performed by Rev. W. C. Christie. After the ceremony the couple left on a short bridal tour. They will reside at Campbellsville.

Returned to the Jail.

Roby Johnson, one of the prisoners who escaped from Jail last Sunday afternoon week, came in Wednesday afternoon and surrendered to Jailor Tarter. Two friends came with him and they said that Johnson came to them, asking that they accompany him to Columbia.

McAllister, the other prisoner, who escaped, is still at large, but it is believed that he will either be caught or that he will come in and surrender. It may develop now how the escape was made. It is the general opinion that some one who knew where the keys were kept, slipped into the jail and unlocked the door.

Visited the County Farm.

Last Thursday the Fiscal Court of Adair county, including County Judge Sinclair and County Attorney W. A. Coffey, visited the County farm, near Montpelier. They found "Uncle" Charley Roe, the keeper, at home and he gave them a hearty welcome. After conversing socially for a few minutes the entire party took a stroll over the farm, finding it in first-class condition. "Uncle" Charley takes great pride in keeping it clean, and he grows a lot of stuff in the way of vegetables for the inmates, to all of whom he is especially kind.

Returning to the dwelling Mrs. Roe announced dinner, which proved a most magnificent affair, consisting of everything good for the palate, and prepared in such a manner as to please the most exacting epicurean.
